Phone Attendees: Brad Wolters (DHCD), Mark Butterfield (MAA/JMT), Craig Mackowiak (SHA), Buffy Conrad (SHA) and Marshall Stevenson (SHA/WBCM).

Agenda

Introductions
Round-the-room

Maryland Enterprise Software Update – *Matt Sokol*
- Ken Miller has retired from State service.
- Julia Fisher is Maryland's Geographic Information Officer (GIO).

Maryland Enterprise Software Update – *Matt Sokol, Julia Fischer*
- There are 5 companies participating in the GIS Software Master Contract that went into effect yesterday, August 1, 2016.
- DoIT will be sending a survey to State agencies to determine the number and type of ESRI software use in order to purchase maintenance and new licenses in one bulk purchase.
- For future ESRI licenses after the initial purchase, agencies will need to submit a request to DoIT. DoIT will get a price and present it to the agency.
- To contain costs, agencies should partner in the purchase of GIS software packages.

ArcGIS Online (AGOL) – *Julia Fisher*
- The purchase order has gone through and we are in a new contract through the end of July 2017.
- There are 700 users available in the main organization with 100,000 credits.
- DoIT is reviewing the list of current users, removing those who no longer use AGOL and reviewing current data usage.

GIS Vendor Day – *Matt Sokol*
- The MD iMAP Technical Committee is in the initial planning stage of having the 5 vendors participating in the GIS Software Master Contract present their products in a half-day conference.
- It will probably be toward the end of October or early November and be held in the conference room of DoIT's office in Crownsville.

MD iMAP 2.0 Update – *Matt Sokol*
- The local business map and feature services are under BusinessEconomy
  http://geodata.md.gov/imap/rest/services/BusinessEconomy
- DoIT will be working with Maryland's Department of Commerce to add additional businesses to the map and feature services.
- Jeyan mentioned that the transit data layer has been updated.
- The tax map layer is now available as an image service. It is now possible to change colors and transparency.
  http://geodata.md.gov/imap/rest/services/PlanningCadastre/MD_PropertyData/ImageServer
- Julia is working on a master MOU with counties to address parcel data. Marshall indicated SHA is interested in being part of the process.

Subcommittee Update
Training Program – *Lisa Lowe*
- August training session in two weeks
- A follow up email was sent for advertising open seats
- Working on determining modifications to 2017 course program
- Deciding on increasing the number of Desktop training classes based on demand
- Considering adding a Collector app training course
- Local jurisdictions can participate if seats are available after State employees

Centerlines – *Marshall Stevenson*
- Data has been submitted to Federal govt and being evaluated for loading into Roads and Highways
- Data will be cleaned in an SHA staging environment in Roads and Highways
- Final data to go for HPMS submission to Federal Highways
- Working on integrating local government roads with a three county pilot in the Spring
- Increasing the partnership through One Maryland One Centerline (OMOC) program
- Will be demoing the Road Closure app at MACo

Composite Locator – *Jeyan Jebaraj*
- Parcel Point component updated
- Address and Centerline update next week

Imagery Program – *Lisa Lowe*
- Still on schedule
- Howard County completed for final delivery
- Block 1 delivered to AECOM for final QC last Friday
- Block 2 delayed
- Block 3 ahead of schedule
- Still on track for end of year final delivery

Applications – *Jessie Cahoon*
- Web AppBuilder template now available

- Moving away from old version of template
- No configuration through ArcGIS Online
- Add Data tool recreated
- Now has hooks into GIS Data Catalog
- Use query parameters to do various application functions
- Demoed live for group

MD iMAP Portal Update – Matt Sokol
- Updating content related to the web app builder.
- Lisa and Matt are putting up new app and dashboards.
- The status dashboard providing statistics for MD iMAP services is almost ready.

Additional Business
- Gary Maragos provided an update on parcels and tax maps.
- Additional fields are being added to the parcel service.
- Matt asked Gary to get him schema data changes
